## BUFFALO HILL NOTES

The Buffalo and Eastway Schools held a joint picnic at the river on Tuesday, June 30.

Mrs. J. R. Wyatt was taken to the Vuleau Hospital for treatment last Sunday. At time of writing she is improving.

Mr. R. C. Collier, of Vuleau, has been engaged as teacher in the Buffalo School for the next term, which commences Tuesday, Sept. 8th. Mr. Collier taught at the Garrard School near Lomond, for the past three years.

Mr. Hirst Goldthorpe has purchased a New Case tractor and is busy with the Tiller on his summerfallow. The speed at which this tractor travels will enable him to complete his summerfallow in quick time. Hirst has also purchased a registered Clyde station, preparing for the improved outlook in horsebreeding. It's a pity we can't raise our own tractor replacements the same as we can the horses.

## CALGARY EXHIBITION STAMPEDE JULY 6-11

## Social Credit Rally and Picnic Wed., June 15

The Second Annual Social Credit Rally and Picnic will be held in the Marquis Municipal Park, at Lake McGregor, one mile west of Milo, on Wednesday, July 15th, under the auspices of the Majorville, Milo and Queenstown Groups.

A large program of athletic events has been prepared, commencing at 11 a.m. Also a novelty pole-throwing contest and bicycle races. There will be plenty baseball for lovers of this sport, with teams from Arrowwood, Carleton Place, Lomond and Queenstown competing for the \$50 in prizes. There will be a ladies' softball game and a horsehoe tournament.

Refreshments will be available on the grounds. Admission to grounds 15 cents and over 25c. Children free.

To wind up the day a big dance will be held in the Community Hall at Queenstown. The music will be supplied by Geo. Robinson and his band.

The committee in charge is working hard to make this celebration bigger and better than last year's and extend an invitation to everyone to come and have a good time.

## Farewell for Mrs. Wicand

The Ladies' Aid entertained at the church on Wednesday, June 24th, at a tea in honor of Mrs. J. Wicand, prior to her departure from Arrowwood. There were about forty members and friends of Mrs. Wicand present. A few contests were enjoyed. Miss Grace Brubaker sang a solo. Mrs. Paul Irwin gave a reading. Mrs. Mildred Brubaker and her mother Mrs. Kaufman sang a duet. Mrs. M. Norton, on behalf of the Aid, presented Mrs. Wicand with a lovely quilt. A tea was served and the afternoon greatly enjoyed by all. The ladies will certainly miss Mrs. Wicand and they wish her success wherever she goes.

## Holiday at Banff and Lake Louise

The pleasure of a mile-high holiday in the Canadian Rockies this summer will attract thousands of tourists from all over the world. They will distribute themselves between the Banff Springs Hotel overlooking the rolling peak-surrounded Bow Valley, beautiful Chateau Lake Louise on the shore of the lake of the same name, and six bungalow camps of charm and comfort in settings as lovely as they are different from each other.

Year by year the Canadian Rockies are becoming the most popular summer playground of the continent, due to the unparalleled beauty of the scenery, and the splendid opportunities for a real mountain holiday with hiking, mountain climbing, swimming, golf, and tennis.

At Banff Springs Hotel, which will be open from June 13 to September 15, golf on a course that ranks with the best in the country is a chief attraction. Not to be forgotten, however, are the joys of riding and hiking to out-of-the-way places, mountain climbing, tennis on championship courts, fishing in tumultuous mountain streams and lakes that derive their rich colors from glaciers, and motoring, topped off by a swim in the alpine or natural water pools and dancing in the ball room.

Chateau Lake Louise, open from June 20 to September 15, is situated on Lake Louise, just opposite Victoria Glacier. Sheltered by towering snow-capped peaks, it possesses a sheer breath-taking beauty and in addition attractions

peculiarly its own. It is an excellent centre for parties on horseback or by foot to the scenic wonders of the district.

Emerald Lake Chalet and bungalow camps at Hatfield Hot Springs, Yoho Valley, Lake Wapiti, Lake O'Hara and Moraine Lake will be open from June 20 to September 15. Off the beaten track, they combine a restful holiday with all the thrills of exploring a beautiful, untamed, mountainous land.

Five special events during the season will be Calgary Stampede, July 4-11; Trail Riders' official outing, July 31-August 4; Trail Riders' official outing, August 4-6; Indian Days at Banff, July 24-26; and Golf Week, with around 50 prizes up for competition, August 10 to 22.

## BASEBALL NOTES

Champion made their debut in Arrowwood Friday night last and were lucky to eke out a 7-5 victory. The locals deserved to win the game handsly but a crack-up in the eighth and ninth innings enabled the visitors to win by a close margin. Pittman and Norton formed the Arrowwood battery while Walker, Robinson and Har- graves worked for the visitors. The game was a scheduled League fixture and the Champion Red Sox report it as their stiffest game of the season.

Over at Stavely Monday night the Panthers took a whitewashing by a one-sided 16-0 score. Never at any time did the Panthers look like the team which is so capable of playing good baseball. Some what baseball weary and with some of the boys on the injured list, the Panthers were outplayed in every way. O'Connor pitched great ball for the Stavely club.

In a postponed fixture at Champion Wednesday the Red Sox hit hard and often to pile up a total of 14 runs while the Panthers were only able to tally 4. It was a Sports Day in the Southern town and a big crowd was on hand to witness the days events. Fred Miller started mound duty for the Panthers but was touched up for many long hits which with poor support, accounted for the one sided score. The game was the last league game of the season and by winning Champion won the League honors and the cup which goes to the winner of the schedule.

## Galgary's Famous Stampede to be Held July 6th to 11th

Rated as one of the most colorful shows of its kind on the continent, the Calgary Exhibition and Stampede will stage its fifty-first annual event from July 6th to 11th. This famous Stampede annually attracts tens of thousands of visitors from all over Canada and the United States, and the programme planned for this year's show is exceptionally outstanding. From all indications the attendance will surpass last year's record when 222,808 people visited the Exhibition grounds.

The opening event on Monday Morning, July 6th, will be the famous Stampede Parade, at which it is estimated fifty-thousand people will be spectators. This procession is several miles long, and it is a thrilling sight to witness with hundreds of Indians and Cowboys in their picturesque costumes, Mounted Police, Chuck Wagons, twelve hundred horses and some twenty bands providing the music.

The Stampede itself will be held every afternoon, with between five and six hundred riders and ropers on the American continent. All events are competitive and include the North American and Canadian Championship Bucking Horse Riding Contest, Wild Steer Riding, Wild Steer Decorating, Wild Horse Race, Wild Cow Milking, Indian Races, and the famous Chuck Wagon Races, Running Horse Races, seven races each afternoon starting the Saturday before the Stampede. The Stampede

will present more than six thousand entries in the several departments.

The Passing Parade is the title of the extraordinary Grandstand production to be presented before the evening audiences, a colorful musical review, featuring a combination of outstanding acts, including some of the cleverest vaudeville performers in existence.

Hunter's Paradise, and the House of Magic are two outstanding exhibits that thrilled thousands of visitors last year. These are being held over again this, and will present several new improvements.

The Grand Livestock Review held on Friday morning of Stampede week is always presented to a capacity audience. Boys and girls 16 years or under are admitted free to this event. Valuable prizes will be presented.

The Old Timers Reunion, an annual mile long, and the Stampede will have their headquarters in the log cabin on the Exhibition grounds.

The Midway attraction at this year's show will present the Royal American Shows with many new features and rides.

The Grand Finale of the Stampede on Saturday night will present one of the most spectacular Fireworks displays ever shown at an outdoor exhibition. This feature alone has always attracted a capacity audience. Other events of the last night show will include the presentation of prizes to Stampede champions and the march past of Indians in their colorful costumes, as well as the monstrous "Passing Parade" stage presentation.

Special Railway passenger fares of single fare for the return trip have been arranged.

## Afternoon Tea, Supper and Parcel Post Sale Was Well Attended

The W.A. of Arrowwood United Church held a very successful tea, supper and parcel post sale, at the home of Mrs. A. Clifard on Saturday afternoon, despite the terrible wind and dust storm that swept the district.

The hostess was assisted in welcoming the guests by the President, Mrs. R. Fonger.

Those in charge of the general arrangements and serving at the tea tables were: Mrs. E. Lowand, Mrs. R. E. Hill, Mrs. C. G. Taylor, Mrs. P. H. Coleman, Mrs. R. Ayling, Mrs. A. H. Tharle, Mrs. N. McColman and Mrs. A. Phillips.

The parcel post sale was conducted by Mrs. J. Mackie, and Mrs. G. Leith, and added much merriment to the afternoon.

The event proved highly pleasing from both a social and monetary standpoint, the sum of \$11.80 being realized.

## Irwin Scott Wins Trophy at Champion

Arrowwood can be proud of the showing made by Irwin Scott at Champion on Wednesday when he won the trophy put up yearly for the best two-mile high school runner on the Letbridge-Aldersey branch. Irwin ran the race in some 9 minutes, a very good time for the distance. Two other competitors were in the run but Irwin lengthened his lead each round to win by a large margin. Congratulations Irwin and may many further successes be yours.

## Canada's Two Railway Systems

Canada's two railway systems operate between their 5,000 powerful steam locomotives, 7,500 passenger cars and over 200,000 freight cars. They have a combined trackage of over 42,000 miles and employ more than 120,000 men and women, according to a story entitled "Modern Highways of Steel," which appears in a current issue of "The C-I-L. Oval." The annual payroll of the two railways is in excess of \$150,000,000.

Mrs. T. Kelly of Calgary spent a few days this week visiting her parents, Mr. and Mrs. E. D. Archambault.

## Watkin's Fly Spray

Buy your season's Fly Spray requirements now so you will have Fly Spray on hand in time to control the fly pest before the flies start breeding by the million.

CUSTOMERS AGREE WATKINS FLY SPRAY IS BEST BECAUSE (1) It actually kills flies, (2) it repels flies, (3) it is clean, does not gum, (4) sweet-smelling, will not taint milk or other products, (5) economical to use.

## Drive Them Off The Highways

Sometimes it was predicted that with the advent of the warm summer weather which tempts people to enjoy outdoor life as much as possible the newspapers would carry stories of automobile accidents, recording the deaths of some and injury of a great many more.

The prediction is a safe one and is already being amply fulfilled. Even before the hottest summer months had arrived a number of smashups with their accompanying fatalities and injuries were reported in screaming headlines in the daily press.

Bye witnesses of one accident in one of the prairie provinces report that a couple of men were driving a brand new car along a crowded highway towards one of the cities on a Sunday evening. With the speedometer recording 75 and 80 miles an hour they flashed past scores of cars laden with men, women and children returning from a day at the summer resorts.

As the speeding car tore past other automobiles, some of them traveling at almost equally unreasonable speeds under such traffic conditions, the occupants turned round and waved a derisive "ha, ha", gloating in their ability to "beat the other fellow." The inevitable happened. The driver lost control, or there was a blow out and the two occupants completed their journey to the city in an ambulance, broken limbs and pain-twisted features bearing mute testimony to their agonies. The erstwhile handsome car lay partly on the highway and partly in the ditch wrecked beyond the semblance of a vehicle.

Fortunately in this particular instance the two occupants of the car were the only persons to suffer as a result of their recklessness, but for an hour or more they had jeopardized the lives and limbs of scores, perhaps hundreds of people using the highways in a legitimate and sane manner, including many women and children.

Such recklessness on the highway is nothing less than criminal and those who come to grief as a result of such misuse of the roads and motor vehicles have only themselves to blame. A worse feature, however, is the menace of such wild driving to other people. Even at moderate speeds of 35 and 40 miles an hour highways are none too safe, but with speed-crazed individuals at the wheel the roads become potential and sometimes actual slambags.

While the police are on the watch for reckless fools and do all they can to protect legitimate users of the highways there are not enough of them on the job to ensure complete protection and it is doubtful if the provinces can afford to employ sufficient patrolmen to furnish immunity from all dangerous pests.

Under such circumstances the only safeguard for reasonable people is to arouse public opinion against criminals of this type to the extent that sane drivers will be willing to report them to the police and appear in court to testify against them. Such complaints, supported by adequate testimony, should inevitably result in cancellations of drivers' licenses, or at least suspension for a considerable period of time.

After all, the sensible driver, who reports the action of crazy drivers who endanger the lives of others is merely carrying out the law of self-preservation and is doing a public service in the interests of his fellow men and women. No one would hesitate to report a wild man running amok with a knife or an axe, yet a wild man at the wheel of a powerful automobile is a much greater potential danger to the public.

No person should feel a bit squeamish about reporting dangerous violations of the laws of safety or harbor the notion that because he and his family have been safely passed it is none of his business. If two or three drivers report the reckless action of another, the latter should be amenable to conviction. If half a dozen or more report a case, the evidence would undoubtedly be regarded as overwhelming.

Not very long ago newspapers reported the organization of a new safety body, the Dominion Automobile Council, which has its headquarters at Montreal, coupled with the announcement that its chief function is to promote safety measures by educational means designed to cut down the motor car accident toll throughout Canada.

Such an organization can perform a very useful function to society in arousing public opinion and assist in dupelling the comparative apathy with which the general public appears to regard a very important question. The proposal that the co-operation of the driving public to report all cases of wild driving on the highways be sought, might well be recommended.

Such drivers should be driven off the highways.

### Not An Ordinary Search

Two Victoria horticulturists have set out on a 3,000-mile trek to look for wild flowers. But it is no ordinary wilderness that attracts Edmund H. and Joseph A. Johnson to the Arctic and sub-Arctic part of the Yukon and Alaska. Rare anemone, poppy, and dwarf willows an inch in height will be sought during the summer adventure.

The discovery of the earliest known written poem was recently announced. A cuneiform inscription of about 35 B.C. which has passed Syria was in reality the earliest known written poem.

### Long Service Ended

With approximately 140,000 miles behind him, travelled behind a slow by plodding horse, Henry Gingerich of Baden, Ont., has made his last trip as rural mail carrier after 36 years continuous service over a daily 28-mile route. Only twice in that time did he fail to make his round trips as the years were responsible both times.

For writing one of the world's best selling, "Black Beauty," the English woman, Anna Sewall, received only \$100. On a straight royalty basis it would have returned her upward of \$300,000.

## Motor Roads In Britain

### Increase In Traffic Is Causing Worry To Authorities

It is said that the British Isles have never been known better than they are today by more of those who inhabit them; and small wonder in view of the means of communication available, observes the London correspondent of the New York Sun.

Road traffic has more than doubled in five years. In Great Britain there are 178,000 miles of public highways, of which 43,000 are classified roads. The total number of vehicles using them last year was 2,581,000, as compared with only 873,700 in 1921. One person in every 19 now possesses an automobile. But there are 10,000,000 or more cyclists also using the roads.

According to Hore-Belisha, minister of transport, Britain, in the 20th century, has become the "most densely vehicular" country in the world, having 23 registered motor vehicles to the square mile as compared with seven in the United States. The increase has been so rapid, he contends, that engineers and surveyors have not been able to evolve the means of assuring the free flow of traffic in conditions of method and safety.

In the next five years \$450,000,000 is to be expended on roads, and in that period it is also planned to construct 230 miles of cycle tracks and 750 miles of dual carriageways. Although increased safety for the cyclists will be assured by the construction of cycle tracks such as are already widely in use on the continent, many of the cyclists resist the efforts to circumscribe their use of ordinary traffic arteries.

## Japanese Zeppelin Service

### Japan May Purchase Two Or More German Dirigibles

Japanese sponsors of ambitious plans for a trans-Pacific Zeppelin service found themselves faced with severe obstacles. It was learned authoritatively, however, that the plans had not been abandoned.

High aviation sources said one group proposed three routes:

1. An airship service between Tokyo and Hankow, capital of Manchukuo.
2. An airship line connecting Tokyo with Singapore or Batavia, via Shanghai and Hong Kong.
3. An aerial route from Tokyo to San Francisco or Los Angeles, via Honolulu.

All three schemes call for purchase of two or more German Zeppelins. A German dirigible expert and air pilot called in for advice returned to Germany without, so far as could be learned, reaching any agreement with the Japanese. But with German sponsors were informed Germany could not lend Japan any of her zeppelin experts and pilots except for a very limited time.

## Skeena River Floods

### Church Is Wrecked But Bible Left On Table Is Undamaged

The flood waters of the Skeena River wrecked the interior of the Methodist Episcopal church situated on the river bank, but left the Bible undamaged on a small table, it was revealed in stories brought out from the recently flooded area.

The church organ was overturned, chairs were scattered about the building and the linen cover on the table on which the Bible stood was muddy.

Another story from Uka concerns three hens that perched in high branches of a tree.

After the water dropped the hens were found under the trees where they had been perched. A community nest in which were found four new-laid eggs.

## Oriental Figure Of Speech

### Story Of Jonah Is Mistaken Translation Claims Language Expert

The story of Jonah's three-day stay inside a whale arose from a mistaken translation centuries ago, according to data submitted by George M. Loring of Washington. Written in "Gospel Light," Loring, an expert in the Aramaic language of Bible times, said: "According to the interpretation of dreams in the East, fish or whale means trouble, disturbance and infection. Jonah in the whale is an Oriental hyperbole and Jonah is in trouble, just as an American would say, 'he is in a hole,' or 'he is out of a hole.'"

"This American slang would be confusing to an Easterner, just as the term 'Jonah in the Whale' would be to a Westerner, unfamiliar with Oriental speech."

## FORD GETS DEGREE

Years of work in the manufacturing field, resulted in educational recognition for Henry Ford, when the automobile magnate received an honorary degree of doctor of engineering at Michigan State College at East Lansing.

## Should Be Other Ways

### But Increased Taxation Appears Only Remedy For Expenses

For the current fiscal year, the Finance Minister expects a deficit of "slightly less than \$100,000,000."

These are astronomical figures! Why, in 1896—only 40 years ago—the total expenditures of the Dominion Government, chargeable to consolidated fund, amounted to a "mere" \$38,000,000. At the turn of the century in 1901 the figure was \$46,900,000. And on the eve of the Great War, in 1913, total expenditures amounted to \$112,000,000—or just an even fifty million less than last year's deficit!

Is there no room for greater economies in these times when every private business—every citizen—must economize? Has every hop-olee of waste and extravagance been stopped?—Italy has Herald.

## SELECTED RECIPES

### BRAN DROPT COOKIES

- 1 cup shortening
- 1 cup sugar
- 2 eggs
- 3 tablespoons sour milk
- 1 cup chopped nuts
- 1 teaspoon salt
- 1/2 teaspoon soda
- 1 teaspoon cinnamon
- 1/2 teaspoon cloves
- 2 cups Quaker Bran
- 2 cups Quaker Natural Bran

Method: Cream butter, add sugar gradually, the beaten eggs, then milk in which soda has been dissolved and dry ingredients mixed together. Add the nuts broken into quarters. Drop from a teaspoon on buttered baking sheets and bake in moderate oven. Temperature: 350 degrees F.

At its narrowest part, near the Florida keys, the Gulf Stream is fifty miles wide. Farther north, its width reaches 150 miles.

Aviators in the Irish Free State are planning a flight to Australia and possibly around the world.

## Verbose Legislators

### Millions Of Words Used During Session Of Parliament

During the recent session of parliament, lasting less than five months, members of the House of Commons read approximately 2,240,000 words while senators were comparatively reticent with little more than 500,000 words recorded by Hansard.

Special committees of the house whose proceedings were recorded used more than 3,000 pages of Hansard with something like 1,230,000 words of evidence and argument, that which investigated radio having the largest volume—about 500,000 words.

Reporting these proceedings and the general activities of the government and the members of parliament, the Canadian Press sent over its automatic printers to its members throughout the Dominion well over 600,000 words.

Probably well over 1,000,000 additional words were sent over the telegraphic wires by the score of special correspondents who are representing individual newspapers in the press gallery. The house of commons was in session 90 days.

## Dame Of St. John

### Lady Tweedsmuir Has Been Appointed To Order Of St. John Of Jerusalem

Lady Tweedsmuir has been appointed a dame of grace of the Order of St. John of Jerusalem, the Westminster Gazette announced.

Persons admitted to this order "are such persons, being subjects of the British crown, and professing the Christian faith, as have performed or are prepared to perform good services for the order and its objects." The objects of the order are the encouragement and promotion of ambulance, hospital and other charitable work.

The order received a royal charter from Queen Victoria in 1888 as a revival of the military and religious grand priory dissolved by Queen Elizabeth in 1590. His Majesty the King is the sovereign head of the order.

## Speakers Held To Time

### Convention Of Health Authorities Run By Light Signals

A system of automatic lights similar to ordinary street traffic signals was used to keep speakers in order at the convention of the state and provincial health authorities of North America held recently in Vancouver.

Five minutes before the scheduled time limit of each speaker a green light flashed on the back-light apparatus set on his table. With one minute to go a yellow light appeared. When a red light came on time was up and whether or not he was finished the speaker had to sit down.

As a result of their signal system, the convention authorities were able to run their program on schedule.

## Not Giving Up Flying

### Hollick-Kenyon Returns To Pilot's Job After Holiday

Air Commodore Herbert Hollick-Kenyon, Antarctic flyer, isn't quitting flying for farming. The reason he said, is that he "has to make a living." By inference he left it that his prospects of doing just that on an Okanagan fruit farm were not convincing. After a holiday with his wife and children at Ewing's Landing, B.C., he returned to Winnipeg and his pilot's job with Canadian Airways.

The possibilities of using cotton in road building may provide a market for two to three million bales a year.

## Star Explosion

### Light Brakes Mother Earth After Journey Of 2,000 Years

Old Mother Earth watched from a big seat one of the rarest shows since the universe began—a star explosion that happened long before lehem.

The shepherds saw the star of Bethlehem off in the east—so far that the earth and the sun are next door neighbors by comparison—the star "blew up" some 2,000 or 3,000 years ago.

Civilizations rose and fell, but even light—travelling at 186,300 miles a second—could not give the earth the news of the blast until recently.

Man had suspected for a month that something had happened out there in the Milky Way, for a scientist in Holland had reported that cosmic rays—children of disintegrating matter—had been travelling to earth in greater and greater numbers from that direction.

On the night of June 28, an amateur astronomer at Delphos, Ohio, L. C. Peltier, peeped through his telescope and saw a bright star that wasn't there the night before.

It was so bright he could see it through the telescope. It lay on the boundary line between two constellations, Cepheus and La Ceta, which are in the northwestern sky at sunset and directly overhead in early morning.

At Yerkes observatory of the University of Chicago, Dr. Otto Struve announced the star had been on astronomers' maps since 1893, and had not gotten any brighter by 1930, when its picture was last snapped.

## Yacht To Be Scuttled

### Famous Cutter Britannia To Be Sunk In English Channel

The famous royal racing cutter Britannia will be spared the indignity of the shipbreakers' yard and will be scuttled in the English channel.

Official orders for the sinking of the yacht, so closely identified with the late King George, were issued recently. A month ago it was announced the Britannia was going to be sold.

The Britannia was built in 1893 for King Edward VII when he was Prince of Wales. The famous cutter won 231 first prizes and 129 other awards in 625 races in the course of 43 years of racing.

## Legend Came True

### Water Filled Pool In Devonshire When King George Died

The age old legend, "And when the pool fills with water . . ." came true at North Tawton, Devonshire, when King George V died. The legend says that when the spring-fed bath pool there fills with water, a member of the royal family will die. The spring filled just before the death of the Prince Consort, Albert, husband of Queen Victoria, and of Queen Victoria herself and the Duke of Clarence, first son of King Edward VII. Three days after King George V. lay dead, the water vanished and the cattle are grazing there once more.

## Bird Foretells Rain

Tampa, Russia, Mexican consul at Rafael Ruesga, has a bird that tells him when it's going to rain, but he wants to get rid of it. The bird is a Mexican road-runner. Its house ache in damp weather, Ruesga says, causing it to utter sharp cries before and during rain storms. But the bird disturbs his sleep, he said.

## Memorial To King George

A memorial statue to King George V., to be erected near Westminster Abbey is expected to depict the late king in the uniform of an admiral of the fleet.

Save "LEFT-OVERS" with Apple and Pear Waxed Tissue

MORE CONVENIENT TO USE . . .

Just hang a package in your kitchen. You'll be delighted with its convenience . . . for, with one hand, you can easily extract a single sheet at a time leaving the other hand free to hold the "left-over," being wringed.

## ARROWWOOD ITEMS

Mr. and Mrs. Geo. Rettle are holidaying in camp at Banff.

Born—On Thursday, June 25, to Mr. and Mrs. Elwood Miller, a daughter.

Mr. and Mrs. Marshall Underhill, of Crossfield, are visiting with Mrs. Underhill's parents, Mr. and Mrs. James Ward.

The Majoville, Milo and Queenstown Groups are sponsoring a Social Credit Rally and Picnic at Lake McGregor on Wednesday, July 15th. A dance will be held in the Queenstown Community Hall in the evening, music by Geo. Robinson and his famous band.

Mr. and Mrs. R. Currie left Tuesday for Calgary, where they will spend a holiday.

Mr. H. Miller left Monday for Edmonton where he will assist in marking the departmental examination papers.

Mr. R. Fonger left for Brantford, Ont., Tuesday night owing to the serious illness of his father.

Mr. and Mrs. R. Dahl and daughter left on Tuesday for Banff where they will spend their holidays camping.

Miss Beth Ellis, of the Holy Cross Hospital nursing staff is spending holidays at the home of her parents, Mr. and Mrs. W. H. Ellis.

Last Thursday afternoon Mrs. E. Johnson entertained seven ladies in honor of Mrs. Leonard before she left for North Dakota.

Mrs. A. J. Rainville returned home Tuesday after spending a few days visiting with her daughter, Mrs. Sawyer, at Glenview.

The W.A. wish to thank all those who patronized their tea, supper and sale or helped in anyway to make the affair a success.

Mr. and Mrs. E. E. Jacques and family, accompanied by Mr. Jacques' mother, left by motor Sunday for a holiday trip to Portland and other Western points.

The many friends of Mr. Robt. Bell will regret to hear that he is confined to bed, having suffered a paralytic stroke Tuesday evening. We hope for a speedy recovery.

Miss R. Owen, who has been the guest of Mrs. R. Ayling, left for her home in Chilliwack, B.C. last Saturday evening.

Mr. and Mrs. M. H. Ward and Jack left on Saturday for Buck Lake.

Mr. and Mrs. J. Dumka, Carl and Annie, left on Wednesday for Yorkton, Sask., to visit with their son.

We regret to hear that Miss Vera Ingraham is ill in the Holy Cross Hospital suffering from typhoid fever. Her many friends will wish her a speedy recovery.

Mr. F. E. Bell received word that Mrs. Bell and his daughter Mrs. C. Ellis, arrived at Sioux City, Iowa, last Saturday and that Mrs. Bell was feeling fine after her motor trip.

Mr. Malcolm Taylor returned home Tuesday evening from his teaching duties at the Giffin School. He left Thursday morning for Edmonton, where he will attend summer school at the University of Alberta.

Miss E. Andrews, of the schoolteaching staff, left Monday evening for her home at Lamond, where she will visit for a few days before going to Chicago to visit her aunt during the holidays.

**Apex Limited**, of Calgary, call each Wednesday for all kinds of dry cleaning and dyeing. All cleaning left with our agent at the Arrowwood Bakery will receive prompt attention. Prices reasonable.

A number of relatives dropped in on Frank Johnson this week to renew the old family spirit. The visitors included, a sister Mrs. Klecker of Marshall, Wisconsin, a nephew John Klecker and his son Leo, a sister Mrs. J. Kowalek and her husband of River Falls, a sister Mrs. A. C. Little and husband of Staveland.

Rev. and Mrs. J. Wisland and Dorothy left last Monday for North Dakota. Rev. Mr. Wisland has been pastor of the Church of the Brethren in Arrowwood for the past three years. While stationed here Mr. and Mrs. Wisland made many warm friends who wish them success in their new field. During the month of July Mr. Wisland will conduct evangelistic services at Kenmare, Minot and Cando.

FOR SALE—4-burner Oil Stove in first-class condition. Price \$8.00. Apply Resource Office.

FOR SALE—Used car. Engine overhauled and new tires. Mrs. E. B. Doten.

LOST—In the East end of town, some time ago, a ladies' 6 1/2 L. Braeclot Watch. Finder please return to undersigned and receive liberal reward. A. Anderson.

## WE KNOW WHAT YOUR FORD NEEDS

\* Your Ford needs one of our FREE Specialized Spring Check-Ups. Without charge or obligation, we will step down your generator charging rate, flush your radiator, check your hose connections, battery and engine and suggest any necessary adjustments.

If you decide to have any repair or tune-up work done, we will do it at **Special Spring Rates**. And remember—our mechanics are Ford Specialists, trained by Ford Factory Service Representatives. We work with precision-built Ford Factory-Approved Service Equipment and Genuine Ford Parts. Practical experience has made us thoroughly familiar with Ford engines. It will pay you to let us look after your Ford!
